

REPUBLIC OF NAMIBIA

FLOODING ADVISORY
BY MARIUS S.T SHEYA

REGIONAL GOVERNOR OF THE KUNENE REGION

15 FEBRUARY 2020
KUNENE

(FOR IMMEDIATE RELEASE)

The Office of the Governor of Kunene and Omusati hereby would like to issue a precautionary warning to the communities and visitors on the flooding in the areas along the Kunene River in both Ruacana and Epupa Constituencies.

The regional leadership of Kunene, Omusati, the Office of the Prime Minister together with the Namibian Police and the Disaster Risk Management Committee are on site assisting and assessing the affected communities. We urge flooded households and visitors in these areas to be vigilant and alert us in case of any emergency. Communities and visitors must prepare for the possibility of severe flooding alongside the river as the water levels keep raising.

Be assured that all stakeholders are monitoring the situation and will continue to ensure that assistance is rendered to the affected communities.
