

ATTENTION – ATTENTION – ATTENTION

- 1) Mechanical repairs and tow-in costs in **these areas** are on own risk and you are liable for all expenses incurred.
- 2) After you have driven the vehicle in 4WD, please release the Free-wheel hubs (at the front axle) (back) into the "FREE" position.
- 3) Driving in soft sand (Sossusvlei) reduce tyre pressure to 1,4 bar. Burnt-out clutches will be charged to you in full. Re-inflate tyres to original tyre pressure once you reach public roads.
- 4) Any off-road, dune and beach trips are solely on own risk. Mechanical repairs, tow-in costs and any other costs will be charges to you in full.
- 5) The renter acknowledges that all vehicles are fitted with a vehicle management/tracking system, which is used to - among other things - record speed, illegal entry and other information relating to the rental vehicle.

Camping Car Hire cc shall be entitled to use such information (including in court proceedings) as it deems fit. SPEEDING – In excess of 80km/h on gravel/rural roads and 120km/h on tar/paved roads.
